

On New Walls or Old

THAT'S one of the 41 great advantages of Beaver Board. It can be either nailed direct to wall and ceiling beams, or put over old, cracked plaster walls. Wallpaper is not used in either case, as you get more beautiful, durable and sanitary results by painting.

Beaver Board is easily and quickly put up, is very strong, makes a house warmer in winter, cooler in summer.

We can't begin to tell you all its merits here; but write us or call, and get full particulars.

London, March 16.—The Swedish ship Trifolium was driven ashore on Lands End Saturday night.

Five of her crew were lost and six saved.

A SOUR STOMACH GAS, INDIGESTION

Each "Pape's Diapiesin" Digests 3,000 Grains Food, Ending Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas, eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and promote assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advt.

NORTHFIELD

Winoski Valley Pomona grange met in the East village hall last week Saturday, with a good attendance, considering the condition of the roads. The fifth degree was worked at the morning session on a class of candidates. Then came the usual good time at the picnic dinner. The afternoon session was open to the public and was very much enjoyed by all, both the speaking and music. The first number on the program after the usual opening music, etc., was a very instructive article by J. B. Pike of Marshall about maple sugar. Then came Prof. Cummings of the University of Vermont, who came as a substitute for Prof. F. B. Jenks of the state agricultural college. Prof. Cummings' talk was on home landscape decoration, and advised the farmers to make their farmhouses and lawns as pretty and pleasant as possible, for it would pay well, both in increased value and in satisfaction. Prof. Cummings is a great favorite with our Pomona and all will be glad to hear him again. The last speaker was Walter H. Crockett of Montpelier, and his talk was on Vermont.

Campbell-Manning Wedding at Bride's Home.

A pretty wedding occurred at the home of Mr. and Mrs. Henry Manning, March 7, when their daughter, Bessie, was united in marriage to Clyde Campbell of Granville, the ceremony being performed by Rev. H. A. Lincoln of Rochester. The bride attendants were Miss Blanche Manning, sister of the bride, and Riley Bostwick, a cousin of the groom, while Volney, the youngest brother of the bride, acted as ring-bearer. The bride was prettily attired in white silk crepe de chine, with shadow lace, and the bridal bouquet was of white rosebuds. The ceremony was performed beneath an arch of evergreen and pink roses. Only the near relatives of the couple were present. There were many beautiful and useful gifts, showing the esteem of their many friends, who wish them much happiness in their married life. Both young people are well and favorably known here. Miss Manning having been an efficient helper in the family of E. W. Chase, postmaster at Rochester, for four years. Mr. Campbell has been at work in a mill at Rochester, but for the present they will reside with the groom's parents, Mr. and Mrs. Herbert Campbell of Granville.

MONTPELIER

Chas. Miller Could Not Survive Shock of Operation and Died at Hospital.

Charles Miller, a native of this city, and for twenty years past a farmer in Cabot, died Saturday night at the Mary Fletcher hospital in Burlington of heart failure, following an operation. Mr. Miller had been in very poor health for over a year and his case was finally diagnosed as appendicitis. An operation for the removal of the appendix was performed Saturday, when it was also found that he had a well-developed cancer, and that, too, was removed. Mr. Miller at first seemed to rally well from the two operations, but died within a few hours. He was born Feb. 14, 1857, and received his early education here. For some years he followed the occupation of a painter, and later worked in a mill in Manchester, N. H. About twenty years ago he began farming in Cabot. He is survived by his wife, who was Miss Susie Hall of this city; his mother, Mrs. Mary Miller; a sister, Mrs. Elizabeth A. Fattie of Montpelier, and a brother, William Miller of Miller's inn. The funeral will be held to-morrow, with burial in Green Mount cemetery.

The Gideon society has placed a large number of Bibles to be placed in the hotels of this city, about 125 having been furnished for the Pavilion.

Mrs. H. S. Boardman has announced the engagement of her daughter, Della Dwight, to J. Roy Lewis of Holyoke, Mass. Miss Minnie DeBoer gave a luncheon on Saturday in honor of Miss Boardman.

AMUSEMENT NOTES.

"Little Women" to Be Presented in Barre Thursday Night.

Three generations of girls have loved "Little Women," the immortal story written by Louisa M. Alcott in Concord, New Hampshire, more than thirty years ago. Men of all ages have likewise en-

MARY REHAN AS "JO" In Wm. A. Brady's Production of "Little Women" at the Opera House Saturday, March 19.

joyed the freshness and charm of the book and since the characters have been placed before their old friends in a well-written, accurately mounted play, their popularity has increased a hundred fold.

It was William A. Brady, one of the most prolific producers of to-day, who presented the play to jaded New Yorkers last season and the fact that it ran the whole year at The Playhouse more than justified Mr. Brady's heavy investment in rare furniture, old costumes and other expensive properties. The complete Brady production brought in fact from The Playhouse, will be seen at the opera house next Thursday, March 19th.

The costumes will be in the fashion of the early '60's, and the production to reflect the closest fidelity to the spirit and period of Miss Alcott's story.

For its proper interpretation an excellent cast has been selected. It is claimed that Meg, Jo, Beth, Amy, Laurie, the professor, Mr. and Mrs. March, and all the other characters in the charming story are faithfully reproduced.—Advt.

A Great and Kindly Man.

If George Westinghouse, dead at 67, had done nothing except invent the air-brake, which made the running of heavy trains at high speed on our railroads safe, and therefore possible, his fame would still be secure.

Much more than this, however, was accomplished by him in a lifetime of remarkable activity.

He developed the alternating current system of electric lighting and power; originated devices for economically conveying natural gas over long distances and using it as an industrial and domestic fuel; and, in collaboration with others, achieved marked success in driving the propellers of ships at sea by means of geared turbines.

Like all really great men, Mr. Westinghouse was unostentatious, kindly, and helpful to the less fortunate.

His memory should be cherished by the factory toilers and the store workers of America particularly, for it was he who introduced in this country the Saturday half-holiday, now almost general.—Boston Globe.

Pioneer Parents.

No doubt the "run of the continent" has improved the fibre of the American people. Of course, the well established and the intellectuals had no motive to seek the west; but in energy and venturesomeness those who sought the frontier were superior to the average of those in their class who stayed behind.

It was the pike rather than the carp that found their way out of the pool. Now, in the main, those who pushed through the open door of opportunity left more children than their fellows who did not. Often themselves members of large families, they had fecundity, as it were, in the blood. With land abundant and the outlook encouraging, they married earlier. In the narrow life of the young west, love and family were stronger interests than in the older society; hence all married. Thanks to cheap living and to the need of helpers, the big family was welcomed. Living by agriculture, the west knew little of cities, manufactures, social rivalry, luxury, and a servile class, all foes of rapid multiplication.—By Edward A. Ross in March Century.
